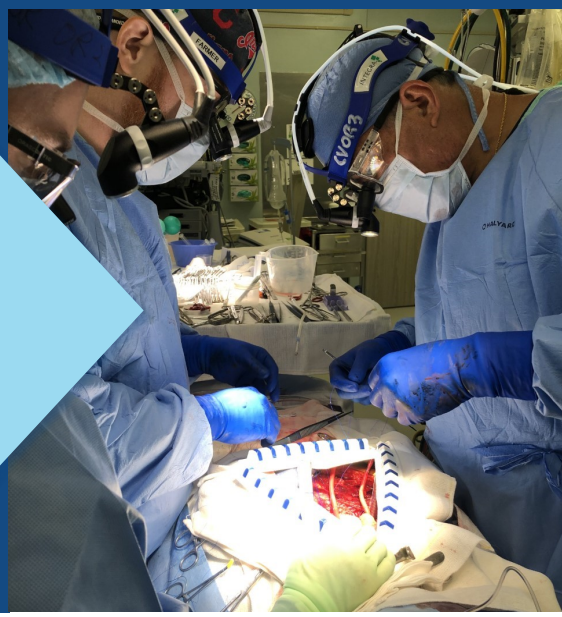
Michael E. DeBakey VA Medical Center

Cardiothoracic Surgery

5th Floor, 5C Clinic, 713-791-1414, ext. 24754

The Michael DeBakey VA Medical Center Cardiothoracic Surgery department provides you with the best medical care.

Success is measured by the differences we make in people's lives!



The MEDVAMC Cardiothoracic Surgery Service offers state-of-the-art treatment for all heart attack, heart failure, aortic aneurysm, congenital heart abnormalities, benign and malignant lung and esophageal conditions in Veterans.

Our surgeons are recognized leaders in the field and are faculty at the renowned Baylor College of Medicine. The cardiothoracic surgery service performs cutting edge research into the treatment of Veterans with heart disease and lung cancer.

MEDVAMC is a world class teaching hospital with an affiliation with the Baylor College of Medicine located within the Texas Medical Center in Houston.

Our program specializes in performing minimally invasive lung and heart operations that allow for a quicker recovery after surgery.

Our wait time for our appointments are better than those for similar services in the private sector.

Cardiothoracic surgical outcomes at MEDVAMC are rated among the nation's best.

For more information visit:
www.houston.va.gov/services/Cardiothoracic_Surgery_Program.asp

We offer cutting-edge technology and the latest surgical techniques and procedures to include:

- Coronary Artery Bypass Graft
- Robotic Lung Surgery
- Minimal Invasive Heart Valve Surgery/TAVR
- Minimally Invasive Arrhythmia Procedures for Atrial Fibrillation
- Mechanical Circulatory Support
- Heart Transplant

Quality Pledge

The dedicated professionals in MEDVAMC Cardiothoracic Surgery Department are committed to providing care of the highest quality to America's Veterans. Our clinicians choose to care for our nation's heroes as a way to pay back part of the debt a grateful nation owes to the men and women who have served in the United States military. We thank each and every Veteran for their service and for choosing the Houston VA as your health care provider.
